

PRESIDENT RUGOVA HAD MEETING WITH REPRESENTATIVE OF GERMAN COMPANY "BPI CONSULT", WINNER OF TENDER FOR MOTORWAY DESIGN DURRES-MORINE

FINAL DESIGN FOR MOTORWAY PRISHTINE-DURRES IS FINISHED

"It's an event for us and this shows that we are able to have our state, to make our state and we deserve the independence, which should be done as soon as possible" said Kosova President, Ibrahim Rugova

Prishtine, 27 October

Minister of Ministry of Transport and Communication Qemajl Ahmeti together with representatives of German Company "BPI Consult" Mr. Rudolph, on Thursday they informed the Kosova President, Ibrahim Rugova about finishing final design for Prishtine-Durres Motorway.

Finishing of this project, President Rugova has called as a big step for construction of Motorway Prishtine-Durres. "Minister Ahmeti and representative of "BPI-Consult" has informed me that the main design for Motorway is finished, from border with Serbia until border with Albania, Merdar-Vermice and which is a big step for Motorway Construction from Prishtina-Durres", said Rugova. He said that other jobs remain until

construction starts for this Motorway Prishtine-Durres.

"It's an event for us and this shows that we are able to have our state, to make our state and we deserve the independence, which must be done soon" said Kosova President, Ibrahim Rugova, and he congratulated for this job Minister Ahmeti and representative of German Company, Rudolph. Also, Minister Qemajl Ahmeti said: I am privileged and I have a special pleasure to announce today in front of Kosova President that the main design for Motorway is finished. "

"The greatest pleasure is that the first part of an old idea of President Rugova for Motorway construction is completed", said Ahmeti. The length of the Motorway is 116 km, but according Minister Ahmeti, this project is build with International and European Standards, from German Company "BPI-Consult" with price 3.651.250 euro.

"Now in Ministry together with President will think for another strategy, to construct practical part of it"

We thank Rugova for idea which somebody did not understand at beginning, but now we see that we can build it" said Qemajl Ahmeti Minister in MTC. They brought to President Rugova a part of the project for Motorway from Vermica to Merdare and part of Motorway Prishtine-Durres and another project with volume of 21 folders which was impossible to be exposed, but Minister Ahmeti promised that for the opinion will make a special presentation on that how will look like the Motorway. In midtime representative of "BPI-Consult" said that the project has started last year and now is finished. The length of the Motorway according to him is over 116 km.

He mentioned some details about construction of this Motorway; some bridges will be built and also 3 tunnels. Mainly, the tunnels will be built at mountain area at Carraleva.
